General Manager
Gold Carpet Touring

Dear Mr. Levy:

As your records will probably show, Ari was a personal guide for me for over 3 days. I just want to let you know that in all my international travels I have rarely met someone who performed so outstandingly in this role. He was knowledgeable, courteous, attentive to my every comfort, very friendly, very informative, and efficient. Like many such individuals, the tourist industry "downturn" has affected him greatly but you should know that this is an outstanding individual who is a great credit to tourism in Israel.

Sincerely,

Paul H. Lange, M.D., F.A.C.S.
